

From Principal's Desk

Dr. B.S. Awaghade
I/C Principal,
Azad College of Education, Satara

The founder of Rayat Shikshan Sanstha, Padmabhushan Dr. Karmaveer Bhaurao Patil with an inner urge founded Azad College of Education, Satara to bring the socially and economically backward students into the main stream of higher education, in June 1955. This college continues to reap the fruits of its long glorious tradition built up over 62 years, by many generations' faculty, students and alumni. Our college has very excellent academic tradition. We always organize various co-curricular and extra-curricular activities to develop the latent attributes of the faculty and the students.

Our college always carries forward the intellectual tradition of our sanstha. It is the highly rated college in the Shivaji University area as well in Maharashtra. I am very happy that the our college is organizing second Two Days National Seminar in collaboration with Rayat Institute of Research and Development, Satara on “Role Of Teacher Education Institutions in Right To Education” on 29th & 30th March, 2015. I am very much sure that the discussions which take place in the seminar will help the common man and particularly to teaching fraternity resolve the crisis of Right to Education and enhance the quality of life of people in general.

In this two days seminar, scholars will present their research papers with comprehensive analysis on subthemes of “Role Of Teacher Education Institutions in Right To Education”. I am hopeful that the discussions and outcome of the seminar will reach to society and the authorities in this field through our students, research scholars and teacher participants.

I admire the faculty of our college, along with non-teaching staff, who always contribute for the success of every academic activity. I am sure that this seminar will have grand success through academic and social point of view.
